Alternate Point of Contact

Robert Kopeck, Deputy Fire Chief
4520 West 175th Street
Country Club Hills, IL 60478
Telephone: (708) 798-8488
Email: rkopec@countryclubhills.org

Annual Reporting Year: 2021

Background: Cook County and participating municipalities in the county developed a hazard mitigation plan to reduce risk from all hazards by identifying resources, information, and strategies for risk reduction. The federal Disaster Mitigation Act of 2000 requires state and local governments to develop hazard mitigation plans as a condition for federal disaster grant assistance. To prepare the plan, the participating partners organized resources, assessed risks from natural hazards within the county, developed planning goals and objectives, reviewed mitigation alternatives, and developed an action plan to address probable impacts from natural hazards. By completing this process, these jurisdictions maintained compliance with the Disaster Mitigation Act, achieving eligibility for mitigation grant funding opportunities afforded under the Robert T. Stafford Act.

Purpose: The purpose of this report is to provide an annual update on the implementation of the action plan identified in the Cook County Multi-Jurisdictional Hazard Mitigation Plan. The objective is to ensure that there is a continuing and responsive planning process that will keep the Hazard Mitigation Plan dynamic and responsive to the needs and capabilities of the partner jurisdictions. This report discusses the following:

- Natural hazard events that have occurred within the last year
- Changes in risk exposure within the planning area (all of Cook County) Mitigation success stories
- Review of the action plan
- Changes in capabilities that could impact plan implementation
- Recommendations for changes/enhancement.

Hazard Analysis

Hazards that represent a county-wide risk are addressed in the Risk Assessment section of the 2019 Cook County Multi-Jurisdictional Hazard Mitigation Plan Update. This section only addresses the hazards and their associated impacts that are **relevant** and **unique** to the municipality.

Flood: The community has experienced flooding at the retention ponds at 179th Cicero Ave and 4200 Main St. as well as drainage ditched through the community.

Extreme Heat: Extreme heat has caused power loss at senior and assisted living facilities throughout the City.

High Winds: High wind events have caused power loss at senior and assisted living facilities throughout the City.

Ice Storms: Ice storms have caused power loss at senior and assisted living facilities throughout the City.

Tornado: Tornadoes have caused power loss at senior and assisted living facilities throughout the City.

Natural Hazard Events in 2021

Instructions: Please use the **Edit** Tool to describe new hazard occurrences/incidents from the past year that have impacted your jurisdiction and had a measurable impact on people or property. (Example: A tornado occurred on [Date] and impacted [insert area] and caused damage to [insert damages]). You may also use the Edit Tool to suggest any modifications/improvements to the hazards unique to your community, as described below from the 2019 plan.

Describe 2021 Natural Hazard Events Here: No significant Natural Hazard Events occurred in 2021.

Mitigation Strategies and Actions

The heart of the mitigation plan is the mitigation strategy, which serves as the long-term blueprint for reducing the potential losses identified in the risk assessment. The mitigation strategy describes how the community will accomplish the overall purpose, or mission, of the planning process.

New Mitigation Actions

Please submit [here](#)

Ongoing Mitigation Actions

The following are ongoing actions. During the 2019 update, these "ongoing" mitigation actions and projects were modified and/or amended, as needed. Reviewers of this report should refer to the Hazard Mitigation Plan for more detailed descriptions of each action and the prioritization process. Address the following for each mitigation action:

- Was any element of the action carried out during the reporting period?
- If no action was completed, why?
- Is the timeline for implementation or the action still appropriate?
- If the action was completed, does it need to be changed or removed from the action plan?

TABLE: HAZARD MITIGATION ACTION PLAN MATRIX
--

Completion status legend: N = New C = Project Completed O = Action Ongoing toward Completion R = Want Removed from Annex X = No Action Taken								
2021 Status	2020 Status	2019 Status	Hazards Mitigated	Objectives Met	Lead Agencies	Estimated Cost	Sources of Funding	Timeline/Projected Completion Date (a)
Action C7.1 —Continue participation in Community Rating System.								
Status Description:								
-	-	Completed	Flood	8, 10, 11	City	Low	Local	Ongoing
Action C7.2 —Enhance/Improve City code language and enforcement.								
Status Description:								
Ongoing		Ongoing	All	2, 3, 4, 10	City	Low	Local	Ongoing
Action C7.3 —Retrofit public buildings and critical facilities to improve vulnerability to natural hazards.								
Status Description:								
-	-	Completed	All Hazards	1, 2, 5, 12	City	High	Local funds, FEMA Grant	Ongoing
Action C7.4 —Retrofit water system to protect against power outages.								
Status Description:								
Ongoing		Ongoing	Severe Weather, Severe Winter Weather, Tornado	1, 2, 12	City	High	Grants and IEPA Low Interest Loans	Ongoing
Action C7.5 —Retrofit sanitary sewer system to protect against sewer backups.								
Status Description:								
Ongoing		Ongoing	Severe Weather, Floods, Tornado	1, 2, 12	City	High	Grants and IEPA Low Interest Loans	Ongoing
Action C7.6 —Form partnership between local, state, county, tollway, and regional entities to help expand resources and improve floodplain management coordination by developing a stormwater committee that meets regularly to discuss issues and recommend projects.								
Status Description:								
-	-	Completed	Flood, Severe Weather	1, 3, 8	City	Low	Grants	Ongoing
Action C7.7 —Incorporate a GIS system/management plan for tracking permitting, land use patterns, tracking hazard data, and mapping risk for various hazards.								
Status Description:								
Ongoing		Ongoing	All	3, 4, 10	City	Low	Grants	
Action C7.8 —Increase Hazard Awareness Education and Risk Awareness.								
Status Description:								
Ongoing		Ongoing	All	5, 6, 8	City	Low	Grants	Ongoing
Action C7.9 —National Incident Management System (NIMS) training for Police, Fire, and Public Works Departments.								
Status Description:								
-	-	Completed	All	1, 2, 5, 8	City	High	Grants and local	Ongoing
Action C7.10 —Where appropriate, support retrofitting, purchase, or relocation of structures in hazard-prone areas to prevent future structure damage. Give priority to properties with exposure to repetitive losses.								
Status Description:								
Ongoing		Ongoing	All	7, 13	City	High	FEMA Hazard Mitigation Grants	Long-term (depending on funding)
Action C7.11 —Continue to support the countywide actions identified in this plan.								
Status Description:								
Ongoing		Ongoing	All	All	City	Low	General Fund	Short- and long-term
Action C7.12 —Actively participate in the plan maintenance strategy identified in this plan.								
Status Description:								

Ongoing		Ongoing	All	3, 4, 6	DHSEM City	Low	General Fund	Short-term
Action C7.13 —Consider participation in incentive-based programs such as Tree City and StormReady.								
Status Description:								
Ongoing		Ongoing	All	3, 4, 5, 6, 7, 9, 10, 11, 13	City	Low	General Fund	Long-term
Action C7.14 —Maintain good standing under the National Flood Insurance Program by implementing programs that meet or exceed the minimum NFIP requirements. Such programs include enforcing an adopted flood damage prevention ordinance, participating in floodplain mapping updates, and providing public assistance and information on floodplain requirements and impacts.								
Status Description:								
Ongoing		Ongoing	Flooding	4, 6, 9	City	Low	General Fund	Short-term and ongoing
Action C7.15 —Where feasible, implement a program to record high water marks following high-water events.								
Status Description:								
Ongoing		Ongoing	Flooding, Severe Weather	3, 6, 9	City	Medium	General Fund; FEMA Grant Funds (Public Assistance)	Long-term
Action C7.16 —Integrate the hazard mitigation plan into other plans, programs, or resources that dictate land use or redevelopment.								
Status Description:								
Ongoing		Ongoing	All	3, 4, 6, 10, 13	Robinson Engineering	Low	General Fund	Short-term
Action C7.17 —Consider the development and implementation of a Capital Improvements Program (CIP) to increase the Village's regulatory, financial and technical capability to implement mitigation actions.								
Status Description:								
Ongoing		Ongoing	All	1, 2, 7	Public Works	High	CIP component of general fund (if implemented)	Long-term
Action C7.18 —Replace the deteriorating roadside culverts with a close drainage system								
Status Description:								
No Action Taken		New	Flood	9	City of Country Club Hills	\$4 million; High	Grants	Ongoing
(a) Ongoing indicates continuation of an action that is already in place. Short-term indicates implementation within five years. Long-term indicates implementation after five years.								

Mitigation Success Stories: Examples of mitigation success stories include, but are not limited to: received a Grant, completed a major mitigation project, etc.

Future Needs: Examples of future needs include, but are not limited to: receiving training to better understand the mitigation grant application process, studies that may be needed to better understand hazards/risks, etc.
